The terms "resident of the United Kingdom" and "resident of Zambia" shall be construed accordingly.

- (2) Where by reason of the provisions of paragraph (1) of this Article an individual is a resident of both Contracting States, then his status shall be determined in accordance with the following rules:

 - (e) the maintenance of a fixed place of business solely for the purpose of advertising, for the supply of information, for scientific research or for similar activities which have a preparatory or auxiliary character, for the enterprise.
- (4) An enterprise of a Contracting State shall be deemed to have a permanent establishment in the other Contracting State if--
- (a) it carries on the activity of providing the services within that other Contracting State of public entertainers or athletes referred to in Article 18; or
 - (b) it carries on supervisory activities in that other Contracting State for more than six months in connection with a construction, installation or assembly project which is being undertaken in that other Contracting State.
- (5) A person acting in a Contracting State on behalf of an enterprise of the other Contracting State--other than an agent of an independent status to whom the provisions of paragraph (6) of this Article apply--shall be deemed to be a permanent establishment in the first-mentioned State if he has, and habitually exercises in that State, an authority to conclude contracts in the name of the

enterprise, unless his activities are limited to the purchase of goods or merchandise for the enterprise.

- (6) An enterprise of a Contracting State shall not be deemed to have a permanent establishment in the other Contracting State merely because it carries on business in that other State through a broker, general commission agent or any other agent of an independent status, where such persons are acting in the ordinary course of their business.
- (7) The fact that a company which is a resident of a Contracting State controls or is controlled by a company which is a resident of the other Contracting State, or which carries on business in that other State (whether through a permanent establishment or otherwise), shall not of itself constitute either company a permanent establishment of the other.

Article 6 Limitation of Relief

Where under any provision of this Convention any person is relieved from tax in a Contracting State on certain income if (with or without other conditions) that person is subject to tax in the other Contracting State in respect of that income and that person is subject to tax in respect of that income in that other State by reference to the amount thereof which is remitted to or received in that other State, the relief from tax to be allowed under this Convention in the first-mentioned Contracting State shall apply only to the amounts so remitted or received.

Article 7 Income From Immovable Property

- (1) Income from immovable property may be taxed in the Contracting State in which such property is situated.
- (2)
 - (a) The term "immovable property" shall, subject to the provisions of subparagraph (b) below, be defined in accordance with the law of the Contracting State in which the property in question is situated.
 - (b) The term "immovable property" shall in any case include property accessory to immovable property, livestock and equipment used in agriculture and forestry, rights to which the provisions of general law respecting landed property apply, usufruct of immovable property and rights to variable or fixed payments as consideration for the working of, or the right to work, mineral deposits, sources and other natural

resources; ships, boats and aircraft shall not be regarded as immovable property.

- (3) The provisions of paragraph (1) of this Article shall apply to income derived from the direct use, letting, or use in any other form of immovable property.
- (4) The provisions of paragraphs (1) and (3) of this Article shall also apply to the income from immovable property of an enterprise and to income from immovable property used for the performance of professional services.
- (5) Notwithstanding the preceding provisions of this Article profits derived by an agricultural, forestry or plantation enterprise shall be dealt with in accordance with the provisions of Article 8.

Article 8 Business Profits

- (1) The profits of an enterprise of a Contracting State shall be taxable only in that State unless the enterprise carries on business in the other Contracting State through a permanent establishment situated therein. If the enterprise carries on business as aforesaid, the profits of the enterprise may be taxed in the other State but only so much of them as is attributable to that permanent establishment.
- (2) Where an enterprise of a Contracting State carries on business in the other Contracting State through a permanent establishment situated therein, there shall in each Contracting State be attributed to that permanent establishment the profits which it might be expected to make if it were a distinct and separate enterprise engaged in the same or similar activities under the same or similar conditions and dealing at arm's length with the enterprise of which it is a permanent establishment.
- (3) In the determination of the profits of a permanent establishment, there shall be allowed as deductions expenses of the enterprise (other than expenses which would not be deductible if the permanent establishment were a separate enterprise) which are incurred for the purposes of the permanent establishment, including executive and general administrative expenses so incurred, whether in the State in which the permanent establishment is situated or elsewhere.
- (4) No profits shall be attributed to a permanent establishment by reason of the mere purchase by that permanent establishment of goods or merchandise for the enterprise.

- (5) Where profits include items which are dealt with separately in other Articles of this Convention, then the provisions of those Articles shall not be affected by the provisions of this Article.

Article 9
Shipping and Air Transport

Profits derived from the operation of ships or aircraft in international traffic by an enterprise of a Contracting State shall be exempt from tax in the other Contracting State.

Article 10
Associated Enterprises

Where--

- (a) an enterprise of a Contracting State participates directly or indirectly in the management, control or capital of an enterprise of the other Contracting State; or
- (b) the same persons participate directly or indirectly in the management, control or capital of an enterprise of a Contracting State and an enterprise of the other Contracting State; and in either case conditions are made or imposed between the two enterprises in their commercial or financial relations which differ from those which would be made between independent enterprises, then any profits which would, but for those conditions, have accrued to one of the enterprises, but, by reason of those conditions, have not so accrued, may be included in the profits of that enterprise and taxed accordingly.

Article 11
Dividends

- (1) Dividends paid by a company which is a resident of Zambia to a resident of the United Kingdom may be taxed in the United Kingdom. Such dividends may also be taxed in Zambia and according to the law of Zambia but, provided the recipient is subject to tax in respect thereof in the United Kingdom, the tax so charged, being tax which is charged in addition to the tax chargeable in respect of the profits of the company, shall not exceed:
 - (a) 5 per cent of the gross amount of the dividends if the recipient is a company which controls directly or indirectly at least 25 per cent of the voting power in the company paying the dividends;

- (b) in all other cases 15 per cent of the gross amount of the dividends.
- (2) Dividends paid by a company which is a resident of the United Kingdom to a resident of Zambia may be taxed in Zambia. Such dividends may also be taxed in the United Kingdom and according to the laws of the United Kingdom but, provided the recipient is subject to tax in respect thereof in Zambia, the tax so charged, being tax which is charged in addition to the tax chargeable in respect of the profits of the company, shall not exceed:
 - (a) 5 per cent of the gross amount of the dividends if the recipient is a company which controls directly or indirectly at least 25 per cent of the voting power in the company paying the dividends;
 - (b) in all other cases 15 per cent of the gross amount of the dividends.
- (3) However, as long as an individual resident in the United Kingdom is entitled to a tax credit in respect of dividends paid by a company resident in the United Kingdom, the following provisions of this paragraph shall apply instead of the provisions of paragraph (2) of this Article:
 - (a)
 - (i) Dividends paid by a company which is a resident of the United Kingdom to a resident of Zambia may be taxed in Zambia on the aggregate of the amount or value of the dividends and the amount of the tax credit (if any) to which he is entitled under sub-paragraph (b) of this paragraph.
 - (ii) Where a resident of Zambia is entitled to a tax credit in respect of such a dividend under sub-paragraph (b) of this paragraph tax may also be charged in the United Kingdom and according to the laws of the United Kingdom, on the aggregate of the amount or value of that dividend and the amount of that tax credit at a rate not exceeding 15 per cent.
 - (iii) Except as aforesaid, dividends paid by a company which is a resident of the United Kingdom to a resident of Zambia who is subject to tax in Zambia on them shall be exempt from any tax in the United Kingdom which is chargeable on dividends.
 - (b) A resident of Zambia who receives dividends from a company which is a resident of the United Kingdom shall, subject to the provisions of sub-paragraph (c) of this paragraph and provided he is subject to tax in Zambia on the dividends, be entitled to the tax credit in respect thereof

to which an individual resident in the United Kingdom would have been entitled had he received those dividends, and to the payment of any excess of that tax credit over his liability to United Kingdom tax.

- (c) The provisions of sub-paragraph (b) of this paragraph shall not apply where the recipient of the dividend is a company which either alone or together with one or more associated companies controls directly or indirectly at least 10 per cent of the voting power in the company paying the dividend. For the purposes of this sub-paragraph two companies shall be deemed to be associated if one is controlled directly or indirectly by the other, or both are controlled directly or indirectly by a third company.
- (4) The term 'dividends' as used in this Article means income from shares or other rights, not being debt-claims, participating in profits, as well as income from other corporate rights assimilated to income from shares by the taxation law of the State of which the company making the distribution is a resident and also includes any other item of income (other than interest or royalties relieved from tax under the provisions of Article 12 or the provisions of Article 13 of the Convention) which, under the law of the Contracting State of which the company paying the dividends is a resident, is treated as a dividend or distribution of a company.
- (5) The provisions of paragraphs (1), (2) and (3) of this Article shall not apply if the recipient of the dividends, being a resident of a Contracting State, has in the other Contracting State, of which the company paying the dividends is a resident, a permanent establishment and the holding by virtue of which the dividends are paid is effectively connected with a business carried on through that permanent establishment. In such a case, the provisions of Article 8 shall apply.
- (6) If the recipient of a dividend owns 10 per cent or more of the class of shares in respect of which the dividend is paid then the relief from tax provided for in paragraphs (1), (2) and (3) of this Article shall not apply to the dividend to the extent that it can have been paid only out of profits which the company paying the dividend earned or other income which it received in a period ending twelve months or more before the relevant date. For the purposes of this paragraph the term 'relevant date' means the date on which the recipient of the dividend became the owner of 10 per cent or more of the class of shares in question. Provided that this paragraph shall not apply if the shares were acquired for bona fide commercial reasons and not primarily for the purpose of securing the benefit of this Article.
- (7) Where a company which is a resident of a Contracting State derives profits or income from the other Contracting State, that other State may not impose any

tax on the dividends paid by the company to persons who are not residents of that other State, or subject the company's undistributed profits to a tax on undistributed profits, even if the dividends paid or the undistributed profits consist wholly or partly of profits or income arising in that other State.

Article 12 **Interest**

- (1) Interest arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.
- (2) However, such interest may be taxed in the Contracting State in which it arises, and according to the law of that State; but where such interest is paid to a resident of the other Contracting State who is subject to tax there in respect thereof the tax so charged in the Contracting State in which the interest arises shall not exceed 10 per cent of the gross amount of the interest.
- (3) The term "interest" as used in this Article means income from Government securities, bonds or debentures, whether or not secured by mortgage and whether or not carrying a right to participate in profits, and other debt-claims of every kind as well as all other income assimilated to income from money lent by the taxation law of the State in which the income arises.
- (4) The provisions of paragraphs (1) and (2) of this Article shall not apply if the recipient of the interest, being a resident of a Contracting State, has in the other Contracting State in which the interest arises a permanent establishment and the debt-claim from which the interest arises is effectively connected with a business carried on through that permanent establishment. In such a case, the provisions of Article 8 shall apply.
- (5) Interest shall be deemed to arise in a Contracting State when the payer is that State itself, a political subdivision, a local authority or a resident of that State. Where, however, the person paying the interest, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment in connection with which the indebtedness on which the interest is paid was incurred, and such interest is borne by that permanent establishment, then such interest shall be deemed to arise in the Contracting State in which the permanent establishment is situated.
- (6) Any provision of the law of one of the Contracting States which relates only to interest paid to a non-resident company with or without any further requirement, shall not operate so as to require such interest paid to a company which is a resident of the other Contracting State to be left out of account as a deduction in computing the taxable profits of the company paying the interest as

being a dividend or distribution. The preceding sentence shall not however apply to interest received by a company which is a resident of one of the Contracting States in which more than 50 per cent of the voting power is controlled, directly or indirectly, by a person or persons resident in the other Contracting State.

- (7) Where, owing to a special relationship between the payer and the recipient or between both of them and some other person, the amount of the interest paid, having regard to the debt-claim for which it is paid, exceeds the amount which would have been agreed upon by the payer and the recipient in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In that case, the excess part of the payments shall remain taxable according to the law of each Contracting State, due regard being had to the other provisions of this Convention.

Article 13 **Royalties**

- (1) Royalties arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.
- (2) However, such royalties may be taxed in the Contracting State in which they arise and in accordance with the law of that Contracting State; but where such royalties are paid to a resident of the other Contracting State who is subject to tax there in respect thereof the tax so charged in the Contracting State in which the royalties arise shall not exceed 10 per cent of the gross amount of the royalties.
- (3) The term "royalties" as used in this Article means payments of any kind received as a consideration for the use of, or the right to use, any copyright of literary, artistic or scientific work (including cinematograph films, and films or tapes for radio or television broadcasting), any patent, trade mark, design or model, plan, secret formula or process, or for the use of, or the right to use, industrial, commercial or scientific equipment, or for information concerning industrial, commercial or scientific experience.
- (4) The provisions of paragraph (2) of this Article shall not apply if the recipient of the royalties, being a resident of a Contracting State, has in the other Contracting State a permanent establishment and the right or property giving rise to the royalties is effectively connected with a business carried on through that permanent establishment. In such a case, the provisions of Article 8 shall apply.
- (5) Any provision of the law of a Contracting State which requires royalties paid by a company to be left out of account as a deduction in computing the company's taxable profits as being a dividend or distribution shall not operate in relation to

royalties paid to a resident of the other Contracting State. The preceding sentence shall not however apply to royalties derived by a company which is a resident of that other Contracting State where--

- (a) the same persons participate directly or indirectly in the management or control of the company paying the royalties and the company deriving the royalties; and
 - (b) more than 50 per cent of the voting power in the company deriving the royalties is controlled directly or indirectly by a person or persons resident in the Contracting State in which the company paying the royalties is resident.
- (6) Where, owing to a special relationship between the payer and the recipient or between both of them and some other person, the amount of the royalties paid, having regard to the use, right or information for which they are paid, exceeds the amount which would have been agreed upon by the payer and the recipient in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In that case, the excess part of the payments shall remain taxable according to the law of each Contracting State, due regard being had to the other provisions of this Convention.

Article 14 **Capital Gains**

- (1) Capital gains from the alienation of any property forming part of the business property of a permanent establishment which an enterprise of a Contracting State has in the other Contracting State or of any property pertaining to a fixed base available to a resident of a Contracting State in the other Contracting State for the purpose of performing professional services, including such gains from the alienation of such a permanent establishment (alone or together with the whole enterprise) or of such a fixed base, may be taxed in the other State.
- (2) Notwithstanding the provisions of paragraph (1) of this Article, capital gains derived by a resident of a Contracting State from the alienation of ships and aircraft operated in international traffic and movable property pertaining to the operation of such ships and aircraft shall be taxable only in that Contracting State.
- (3) Capital gains from the alienation of any property other than those mentioned in paragraph (1) of this Article shall be taxable only in the Contracting State of which the alienator is a resident.

- (4) The provisions of paragraph (3) of this Article shall not affect the right of a Contracting State to levy according to its own law a tax on capital gains from the alienation of any property derived by an individual who is a resident of the other Contracting State and has been a resident of the first-mentioned Contracting State at any time during the five years immediately preceding the alienation of the property.

Article 15 Independent Personal Services

- (1) Income derived by a resident of a Contracting State in respect of professional services or other independent activities of a similar character shall be taxable only in that State unless he has a fixed base regularly available to him in the other Contracting State for the purpose of performing his activities. If he has such a fixed base, the income may be taxed in the other Contracting State but only so much of it as is attributable to that fixed base.
- (2) The term "professional services" includes especially independent scientific, literary, artistic, educational or teaching activities as well as the independent activities of physicians, lawyers, engineers, architects, dentists and accountants.

Article 16 Employments

- (1) Subject to the provisions of Articles 19, 20 and 21, salaries, wages and other similar remuneration derived by a resident of a Contracting State in respect of an employment shall be taxable only in that State unless the employment is exercised in the other Contracting State. If the employment is so exercised, such remuneration as is derived therefrom may be taxed in that other State.
- (2) Notwithstanding the provisions of paragraph (1) of this Article, remuneration derived by a resident of a Contracting State in respect of an employment exercised in the other Contracting State shall be taxable only in the first-mentioned State if--
 - (a) the recipient is present in the other State for a period or periods not exceeding in the aggregate 183 days in the fiscal year concerned; and
 - (b) the remuneration is paid by, or on behalf of, an employer who is not a resident of the other State; and
 - (c) the remuneration is not borne by a permanent establishment or a fixed base which the employer has in the other State.

- (3) Notwithstanding the preceding provisions of this Article, remuneration in respect of an employment exercised aboard a ship or aircraft in international traffic may be taxed in the Contracting State of which the person deriving the profits from the operation of the ship or aircraft is a resident.

Article 17
Directors' Fees

Directors' fees and similar payments derived by a resident of a Contracting State in his capacity as a member of the board of directors of a company which is a resident of the other Contracting State may be taxed in that other Contracting State.

Article 18
Artistes and Athletes

Notwithstanding the provisions of Articles 15 and 16, incomes derived by public entertainers, such as theatre, motion picture, radio or television artistes, and musicians, and by athletes, from their personal activities as such may be taxed in the Contracting State in which those activities are exercised.

Article 19

- (1) Any pension (other than a pension of the kind referred to in paragraph (2) or paragraph (4) of Article 20) and any annuity derived from sources within a Contracting State by an individual who is a resident of the other Contracting State and subject to tax in that other State in respect thereof shall be exempt from tax in the first-mentioned Contracting State.
- (2) The term "annuity" means a stated sum payable periodically at stated times during life or during a specified or ascertainable period of time under an obligation to make the payments in return for adequate and full consideration in money or money's worth.

Article 20
Governmental Functions

- (1) Remuneration (other than pensions) paid by the Government of a Contracting State to any individual for services rendered to that Government in the discharge of governmental functions shall be exempt from tax in the other Contracting State if the individual is not ordinarily resident in that other Contracting State or is ordinarily resident in that other Contracting State solely for the purpose of rendering those services.

- (2) Any pension paid by the Government of a Contracting State to any individual for services rendered to that Government in the discharge of governmental functions shall be exempt from tax in the other Contracting State if immediately prior to the cessation of the services to which the pension relates the remuneration therefor was exempt from tax in that other Contracting State (whether under paragraph (1) of this Article or otherwise).
- (3) The provisions of paragraphs (1) and (2) of this Article shall not apply to payments in respect of services rendered in connection with any trade or business carried on by the Government of either Contracting State for purposes of profit.
- (4) Any pension paid to an individual for services rendered in the discharge of governmental functions which would have been exempt from tax in a Contracting State if the existing Agreement had continued in force shall be exempt from tax in that Contracting State under this Convention. In this paragraph the term "existing Agreement" has the same meaning as in paragraph (7) of Article 29 of this Convention.

Article 21

- (1) An individual who immediately before visiting one of the Contracting States is a resident of the other Contracting State and is temporarily present in the first-mentioned Contracting State for a period not exceeding two years for the purpose of research, solely as a recipient of a grant, allowance or award from a scientific, educational, religious or charitable organisation or under a technical assistance programme entered into by the Government of one of the Contracting States shall be exempt from tax in the first-mentioned Contracting State on--

- (3) Remuneration which a student or business apprentice who is or was formerly a resident of a Contracting State derives from an employment which he exercises in the other Contracting State shall not be taxed in that other Contracting State provided that such employment is directly related to his studies or training or the remuneration constitutes earnings reasonably necessary for his maintenance and education.
- (4) The benefits of paragraphs (2) and (3) of this Article shall extend only for such period of time as may be reasonably or customarily required to complete the education or training undertaken but in no event shall any individual have the benefits of this Article for more than three consecutive years of assessment or charge years.

Article 22

Income Not Expressly Mentioned

Items of income of a resident of a Contracting State being income of a class or from sources not expressly mentioned in the foregoing Articles of this Convention in respect of which he is subject to tax in that State shall be taxable only in that State. Provided that this Article shall not be construed as affecting the taxation of income attributable to a permanent establishment which a resident of one Contracting State has in the other Contracting State.

Article 23

Elimination of Double Taxation

- (1) Subject to the provisions of the law of the United Kingdom regarding the allowance as a credit against United Kingdom tax of tax payable in a territory outside the United Kingdom (which shall not affect the general principle hereof)-
 - (a) Zambia tax payable under the laws of Zambia and in accordance with this Convention, whether directly or by deduction, on profits, income or chargeable gains from sources within Zambia shall be allowed as a credit against any United Kingdom tax computed by reference to the same profits, income or chargeable gains by reference to which the Zambia tax is computed. Provided that in the case of a dividend the credit shall take into account only such tax in respect thereof as is additional to any tax payable by the company on the profits out of which the dividend is paid and is ultimately borne by the recipient without reference to any tax so payable.
 - (b) In the case of a dividend paid by a company which is a resident of Zambia to a company which is a resident of the United Kingdom and which

controls directly or indirectly at least 10 per cent of the voting power in the company paying the dividend, the credit shall take into account (in addition to any Zambia tax for which credit may be allowed under the provisions of sub-paragraph (a) of this paragraph) the Zambia tax payable by the company in respect of the profits out of which such dividend is paid.

- (1A) For the purposes of paragraph (1) of this Article the term 'Zambia tax payable' shall be deemed to include any amount which would have been payable as Zambia tax for any year but for an exemption or reduction of tax granted for that year or any part thereof under-
- (a) Sections 19 and 20 of the Pioneer Industries (Relief from Income Tax) Act, CAP 666, and Section 20(f) of the Industrial Development Act 1977, so far as they were in force on, and have not been modified since, the date of signature of the Protocol amending this Convention or have been modified only in minor respects so as not to affect their general character; or
 - (b) any other provision which may subsequently be made granting an exemption or reduction of tax which is agreed by the competent authorities of the Contracting States to be of a substantially similar character, if it has not been modified thereafter or has been modified only in minor respects so as not to affect its general character.

Provided that relief from United Kingdom tax shall not be given by virtue of this paragraph in respect of income from any source if the income arises in a period starting more than ten years after the exemption from, or reduction of, Zambia tax was first granted in respect of that source.

- (2) Subject to the provisions of the law of Zambia regarding the allowance as a credit against Zambia tax of tax payable in a territory outside Zambia (which shall not affect the general principle hereof)--
- (a) United Kingdom tax payable under the laws of the United Kingdom and in accordance with this Convention, whether directly or by deduction, on profits, income or chargeable gains from sources within the United Kingdom shall be allowed as a credit against any Zambia tax computed by reference to the same profits, income or chargeable gains by reference to which the United Kingdom tax is computed.
